

## Moving Beyond the Page Math Placement Questionnaire

Use this questionnaire to determine which level of math your child is ready for.  
If you answer “no” to a question, your child should probably be placed in that level.

	yes	no
Has your child completed kindergarten?		Age 4-5
Can your child count by 1s to 100?		Age 4-5
Can your child write the numbers 1-20?		Age 4-5
Does your child know addition and subtraction facts to 10?		Age 5-7
Does your child understand place value to the tens?		Age 5-7
Can your child add and subtract two two-digit numbers?		Age 5-7
Does your child know addition and subtraction facts to 20?		Age 6-8
Does your child understand place value to 1000?		Age 6-8
Can your child add and subtract three-digit numbers?		Age 6-8
Can your child multiply fluently within 100?		Age 7-9
Can your child add and subtract four-digit numbers?		Age 7-9
Can your child identify, create, and compare simple fractions?		Age 7-9
Does your child understand place value to 1,000,000 and to 0.001?		Age 8-10
Can your child multiply multi-digit numbers? ( $527 \times 62$ )		Age 8-10
Can your child complete long division with remainders? ( $6213 \div 4$ )		Age 8-10
Can your child add, subtract, multiply, and simplify fractions?		Age 8-10
Can your child multiply fractions, including mixed numbers, and divide unit fractions?		Age 9-11
Can your child add, subtract, multiply, and divide decimal numbers to the hundredths place?		Age 9-11
Can your child graph points with positive-number coordinates on a coordinate plane?		Age 9-11
Can your child find the volume of rectangular prisms?		Age 9-11
Can your child solve problems involving ratios, rates, and percentages?		Age 10-12
Can your child solve multi-step equations and inequalities containing a variable?		Age 10-12
Can your child solve problems involving negative numbers and absolute value?		Age 10-12
Can your child divide fractions by fractions?		Age 10-12

If you answered yes to all of these questions, you are ready for a more advanced math course than we currently offer. We are actively developing more advanced levels, so you should check back with us next year. In the Age 4-5 level, math is fully integrated into the daily unit studies and is not available separately.
