

Moving Beyond the Page

Age 6-8 School Year Schedule

A traditional school calendar has 36 weeks of lessons. Simply fill in the dates for each of the weeks you plan on homeschooling. Remember to skip weeks for vacation and holidays. In science, social studies, and language arts, your child will explore four concepts that each contain three 3-week units. The math curriculum contains 10 units that vary in length. To stay on track, you will need to finish two lessons each day – one in science/social studies/language arts and the other in math.

Week	Date	Science, Social Studies, Language Arts	Math
Semester 1			
1		1-1 – Communities Around the World	1 – Number Sense
2			
3			
4		1-2 – Citizenship
