

Age 9-11 Year-Round Schedule

Creating a year-round schedule for Moving Beyond the Page is easy since our curriculum is divided into 12 units, which comes out to one unit per month. To create your schedule, put your start date in the first date box. Then just add a month for each consecutive unit. Once these dates are written in, your full-year schedule is ready to use.

As you work through the curriculum, aim for completing 3 or 4 lessons each week. If you find that you are getting behind or ahead with your scheduled start dates, you can determine whether you need to work more quickly or more slowly through the curriculum. The flexible nature of our curriculum puts you in charge of the schedule instead of the other way around.

DATE	MONTH	UNIT
Concept 1: Relationships		
	1	Unit 1: Poetry (LA) The Fifty States (SS)
	2	Unit 2: The View from Saturday (LA) Energy (S)
